To all of our Brothers and Sisters:

It is with much sadness and concern that we send you this letter. It has been a very difficult few months as we have watched the agency that you have proudly represented continue to its ultimate demise. The intent of this letter is not to discuss or rationalize the current status of SEMS or EMS in general, but to simply pay our respect to all of you.

It has been a privilege to watch, as you have maintained the same level of integrity, professionalism, and excellent patient care that has been the staple of the SEMS providers. You have represented the agency in the best way possible and you should be very proud of yourselves.

It is also the consensus of all the agency Chiefs that anytime you have responded into our respective jurisdictions or interacted with our crew members it was done with professionalism and with a sense of courtesy that is greatly appreciated.

Although it is the end of an era we want to ensure that you are recognized for your efforts and that when all is said and done the legacy of Saratoga EMS is more about all of you and less about these unfortunate turn of events.

In closing it has been an honor to be associated with all of you and we are proud to call you colleagues. We wish you the very best!

Respectfully Yours,

Saratoga County EMS Administrators Council
