

Emergency Response to Terrorism for EMS

ANNOUNCING A WMD AWARENESS LEVEL COURSE FOR EMS PROVIDERS

The Bureau of EMS with assistance from the Office of Fire Prevention and Control has recently identified and trained a small cadre of instructors. These instructors are available to provide this FEMA course upon request to EMS agencies and providers.

This course will provide CME's for those EMS providers enrolled in the pilot recertification program.

This FREE four (4) hour course includes the following:

- *Terrorism in Perspective*
- *Incidents & Indicators*
- *Hazards & Materials*
- *Self-Protection*
- *Scene Control*
- *Notification & Coordination*
