

Subject: 📱 Help Save Lives with the PulsePoint Respond App

Dear Registered Nurses of Saratoga County,

As professional healthcare leaders, you know that **every second is a lifeline** during a sudden cardiac emergency. We are thrilled to invite you to join a critical initiative that maximizes your life-saving expertise: **PulsePoint Respond**.

PulsePoint Respond is a powerful, free mobile app designed to connect trained heroes – like you – to nearby cardiac arrest events in real time. When a member of our community collapses in a public place, PulsePoint instantly alerts the closest qualified responders. Your rapid, skillful action often arrives before emergency services, giving that person the immediate care they desperately need.

Your unique skills are vital to this mission. PulsePoint allows you to **extend your impact** and continue making a difference in the moments that matter most.

Why Empower Your Phone with PulsePoint Respond?

- **Instant Alerts:** Be immediately notified of a cardiac emergency within your direct vicinity, turning every moment into a potential life-saving opportunity.
- **Locate Resources:** Quickly pinpoint the nearest Automated External Defibrillators (AEDs) when precious time is ticking.
- **Strengthen Our County:** Become a critical link in Saratoga County’s emergency response chain, forging a stronger, faster network for our neighbors.
- **Unwavering Dedication:** Carry the power to save a life with you, even after your shift ends.

We’ve attached a brief **slideshow** that clearly outlines the app's functionality and answers common questions about becoming a registered responder.

We believe in the **unparalleled value** you bring. If you are ready to take this powerful next step and start saving lives right now, please use the links below.
